

# Enhanced Relativity Software & Solutions Ecosystem

Cimplifi makes the best technologies work better with automation and transparency across teams, tools, and matters.

Advanced GeoIP & 2FA authentication mechanisms, on demand support, eDiscovery playbook consulting and implementation.

## CI CLICK

A single click, multi-select coding button in Relativity. Reviewers can quickly code multiple fields like responsiveness, confidentiality, privilege, and issues in one click.

## CI TRANSCRIBE

Minimize discovery spend and time by transcribing, searching, and analyzing audio and video evidence to quickly identify and focus on relevant data only.

## CI TRANSLATE

Translate your documents on the fly in more than 50 languages using Azure Cognitive Services Translator. Its easy-to-use and intuitive design makes it simple to translate documents with just a few clicks.

## CI PROCESSING PRO

Using our proprietary ECA workflows and Rampiva automation engine, easily process your data through Nuix processing without having to be a Nuix Certified professional.

## CI ARCHIVE

With just a few clicks, you can ARM (archive, restore, and move) Relativity workspaces for ultimate flexibility and efficiency in storage.

## CI MIGRATE

Move your data from any review tool into Relativity OnPrem or RelOne with ease and transparency through customized best practices, workflow automation tools, and real-time status monitoring.

## POWERCI

Make more informed decisions with real-time metrics and insights in CI Migrate, CI Transcribe, CI Translate and more through our unified dashboard.
