

CI Admin

Simplify administration across your tech stack.

The ultimate tool, offering convenience and simplification through streamlined administration and expansive tool permissions. Featuring SSO login, cross-tool user management, and custom enhancements.

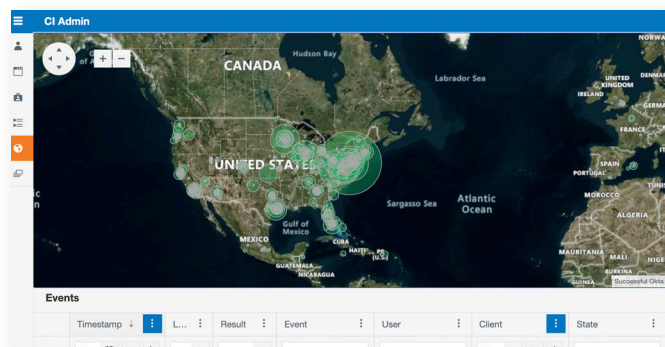

CROSS-TOOL USER MANAGEMENT

Using single-sign on (SSO) protocols and API's, your team can seamlessly and effortlessly grant access to all the apps in the Cimplifi ecosystem—such as Relativity, Nuix Discover, or Brainspace—without needing to configure any other credentials in those apps.

MANAGE STATUS & PERMISSIONS

Create and manage users, groups, matters, workspaces, and audits—including new user creation, user disablement, Okta permissions and log-in restrictions, and user audits.

ADMINISTER USER AUTHENTICATION RULES

Ensure your security with Okta's industry leading multi-factor authentication technology. Enforce different policies for different teams like IP restrictions, time of day, network and locations.

TRACK SIGN-INS

See when users signed in (or attempted to sign in) via Okta, whether they were successful, what access rights they were granted, and where they were located when they logged in.
